## Big Green Egg Installation Instructions

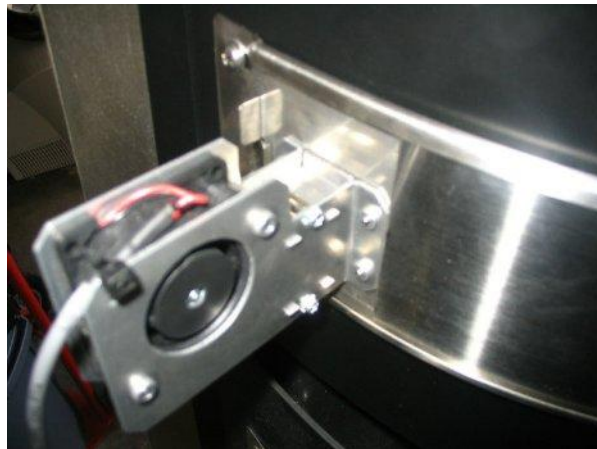

### Step 1

Open the existing sliding draft door on the Big Green Egg. Drop the Blower into the lower door track. Slide the Blower left until it is seated under the door retainer. Make sure that the cable comes out on top.

### Step 2

Center the adapter in the track. Slide the Blower door closed until the left edge of door overlaps the left edge of the Blower adapter and up flush with the Blower housing as shown.
